CDW Digital Scavenger Hunt! -- CDW Digital Scavenger Hunt! -- CDW Digital Scavenger Hunt! -- CDW Digital Scavenger Hunt!

Get your cell phones ready! The CETL is hosting a Digital Scavenger Hunt throughout CDW. Keep an eye out for CDW QR codes around campus all week. There will be 10 in total which, when scanned, will each reveal a clue. These clues together will lead you to the answer to our Scavenger Hunt Puzzle. You can submit your best guess to cetl@francis.edu for a chance to win a prize. Good luck and happy hunting! Oh, and it won't be too easy!

Community Gathering and Keynote Speaker

Keynote Speaker: Mr. Jeff Kallay

Jeff Kallay always asks the big questions and will challenge clients with, “Why...?” Born in Pittsburgh, raised in Florida, Jeff’s innovative campus visit work has been featured on the cover of the Chronicle of Higher Education, in the national section of the New York Times, in University Business Magazine, Inside Higher Ed, and several other leading industry publications. He is an extremely popular speaker at conferences and workshops around the country, and has become the nationally respected authority on the emerging “experience economy” and the all-important campus visit experience. He’s known for his booming voice and boisterous attitude.

Prior to cofounding Render Experiences (formerly TargetX Campus Visit Consulting), he spent six years at TargetX launching and expanding the consulting division to more than hundreds of campus visit clients. On average, he hits six campuses a month, thrives on helping colleges and universities find their DNA, and creates campus visit experiences that connect to hearts, minds, and spirits. Additionally, Jeff studies and presents about American generations with particular expertise on the current youth generation, the Homeland/GenZ and their GenX parents. He helps colleges and organizations understand generational differences and how to best connect with each unique peer group.

Influenced by James Gilmore and Joseph Pine, authors of the groundbreaking book, *The Experience Economy - Work is Theatre and Every Business a Stage*, (Harvard Business School Press), Jeff researches, writes and lectures on the topic. He’s a proud recipient of Pine & Gilmore’s Experience Management Achievement award for his innovative campus visit consulting work. He’s a graduate of Lee University (College) in Cleveland, TN. He started his admission career as their first non-singing recruiter at Lee. Jeff is an avid reader, loves Sci-fi and Zombie genres and is a passionate Gators and Steelers football fan.

9:00 **University Community Gathering - JFK Lounge**

The University community is invited to gather and celebrate the opening of AY1718. Morning refreshments will be provided.

9:30	<p>Prayer Service led by Campus Ministry – JFK Auditorium</p> <p>Welcome and Remarks - Provost Dr. Wayne Powel and President Fr. Malachi Van Tassell, TOR</p> <p>Become that Someone - Mrs. Marie Young, Director of Marketing and Communications</p> <p>Keynote: After Millennials - presented by Mr. Jeff Kallay, Principal of Render Experiences</p> <p>After two decades of recruiting and enrolling Millennials (and their Baby Boomer parents) this presentation raises the importance of learning about and understanding the seismic generational shift happening on college campuses as post-9/11 Homeland/GenZ and their GenerationX parents are now the target audience. It provides historic background on American generations and key insights into understanding and connecting with this new student/parent cohort, with special attention to your campus visit. Clients tell us it also has provided added value for helping understand generational differences in the workplace as more Millennials join the ranks of staff and faculty.</p>
	<p>Break - Faculty are asked to remain for a brief Faculty Senate Meeting - Faculty Senate President, Dr. Stephen Baker, will introduce the AY1718 Faculty Senate officers and senators, announce the Senate meeting schedule, and introduce new faculty. (<i>JFK Auditorium</i>)</p>
12:00	<p>Lunch on your own</p>
<p style="text-align: center;">Solar Eclipse Viewing Station – 1:30 to 3:30 PM The Great American Solar Eclipse at SFU</p> <p>On Monday, August 21st, the Moon will block the Sun creating a solar eclipse. The shadow of the Moon will reach the Earth and will travel across the continental USA. This is the first total solar eclipse over the United States in 38 years and it is the first total solar eclipse to cross the entire continent from west to east in 99 years. Not surprisingly, the eclipse was officially named the Great American Eclipse. While Pennsylvania is not on the path of totality – a narrow path of 70 miles wide – the Moon will block 80% of the Sun creating a great spectacle above the state.</p> <p>In Loretto’s sky, the eclipse will begin at 1:13 PM – the minute the Moon barely touches the disk of the Sun – and will continue until the Moon completely moves out of the Sun’s disk at 3:56 PM. The peak of the eclipse – the moment the Moon blocks the maximum portion of the Sun, will occur at 2:37 PM.</p> <p>Science Outreach Center at SFU with the help of the Department of Biology and the Institute for Energy, will set up a solar observation station for safely viewing of the eclipse on the mall by The Clock from 1:30 PM to 3:30 PM. Solar glasses, binoculars with special filters, and a sunspotter will be available for the solar viewing. We would like to invite everyone on campus to find several minutes in their busy schedule and come by our station to partake in the viewing of the Great American Eclipse.</p> <p>IMPORTANT! Please remember NEVER look at the Sun directly without a proper protection for your eyes (sunglasses WILL NOT protect your eyes!) special solar filters are required for your every attempt to look at the sun.</p> <p>FREE DOWNLOAD: As a part of the celebration of the Great American Eclipse, a Kindle Edition of “Astronomy! A conceptual introduction...” will be available at: https://www.amazon.com/Astronomy-conceptual-introduction-asteroid-heading-ebook/dp/B00RSKJR22</p>	

1:00	<p>After Millennials ... continued (<i>DiSepio 213-214</i>)</p> <p>Join Jeff Kallay in additional discussion to compliment the 'After Millennials' morning presentation. This session will help attendees further understand the importance of the campus visit for prospective families and how the campus visit experience supports enrollment goals. This session will also help faculty and staff to understand their role related to positively influencing the campus visit.</p>	<p>Lifelines for New Faculty (<i>CETL, Library 111</i>) presented by Ms. Theresa Wilson, CETL Director</p> <p>This session will offer logistical and practical information to help new faculty navigate their first semester at SFU. Among other topics, we will address the following:</p> <ul style="list-style-type: none"> • Where can I go for help? • What is the best way to network with others at SFU? • Where can I locate teaching resources? • How can I effectively manage my time? • What technology tools are available to me? • Who can I speak with about students who are struggling? • How can I learn from my first semester? <p>NOTE: This is the first session in the CETL's series of Teaching and Learning Seminars for New Faculty.</p>
2:00-2:30	<p>Franciscan Association of Colleges and Universities Pilgrimage to Rome presented by Fr. Joe Lehman and Dr. Stephen Baker (<i>Schwab 002</i>)</p> <p>Dr. Stephen Baker and Fr. Joe Lehman will share about an opportunity for faculty members to participate in an all-expense-paid 10-day pilgrimage to Italy from May 20 - 30, 2018 to see the places where Francis lived in Rome and Assisi and learn more about SFU's Franciscan values and charism. The pilgrimage is sponsored by the Association of Franciscan Colleges & Universities and will be attended by faculty and staff from other AFCU institutions. Stephen and Fr. Joe's presentation will be based upon their AFCU pilgrimage experience in May 2017 and will review places visited, daily schedule, pilgrimage leadership, and brief reflection on their personal enrichment.</p>	<p>Guided Inquiry Implementation facilitated by Dr. Samantha Radford, Chemistry (<i>Library 111</i>)</p> <p>Faculty interested in learning more about guided inquiry methods and in integrating them into their classrooms are welcome to join this community of practice which will meet regularly throughout the semester.</p>
2:30	<p>Break for Solar Eclipse Viewing for those interested – maximum coverage 2:37 PM – (<i>On the Mall by the Clock</i>)</p>	
3:00	<p>Review of the New Curriculum Guide, and the Process for Proposing New Academic Programs conducted by Dr. Justin Merry, Associate Professor of Biology, and Dr. Peter Skoner, Associate Provost. (<i>Schwab 002</i>)</p> <p>In May of 2017, the Faculty Senate and University President approved a new Curriculum Guide, the includes new processes for proposing</p>	

and approving new academic programs. Briefly, proposing new academic programs will be a two-year process. A Concept Proposal is submitted in the first year by Sept 30 and then reviewed across campus throughout the first year. If approved, this leads to a Curriculum Proposal for the new program and advertising of the program in the second year, with complete approval expected before students are enrolled in the program.

Tuesday, August 22, 2017

8:00	<p>Academic Advisor Breakfast Meeting conducted by Dr. Renee Bernard, Associate Dean of Instruction. (<i>DiSepio 213-214</i>)</p> <p>All academic advisors are encouraged to attend; first-year advisors are expected to attend. Topics to be discussed include: advising timeline, L.I.S.T. Co-curricular transcript, study abroad, orientation, and discussions on certain accommodations and at-risk students.</p>	<p>8:00-11:30am: New Employee Orientation presented by the Department of Human Resources (<i>Raymond Hall Conference Room</i>)</p> <p>All employees who have not yet attended an orientation are required to attend this session. Topics include University history, mission and values, governance and organization, virtual tour, campus health and safety, rights and responsibilities of employees, and resources and opportunities at SFU.</p>
10:00	<p>First-Year Reading Book Prep Discussion facilitated by Ms. Martha O'Brien, Associate Dean of General Education (<i>DiSepio 213-214</i>)</p> <p>At this session, all first-year advisors will have the opportunity to share effective discussion-leading techniques and to brainstorm kick-off questions for this year's summer reading book, <u>The Immortal Life of Henrietta Lacks</u>.</p>	
11:00	<p>Helping your students and advisees "Transform" their lives by checking off their L.I.S.T.: SFU's Transformational Experiences and the Co-Curricular Transcript Program presented by Dr. Pete Skoner, Fr. Joe Lehman, Mr. Bobby Anderson, Ms. Julie Horvath, Ms. Lisa Georgiana, Mr. Paul Girardi, and Dr. Balazs Hargittai (<i>DiSepio 201</i>)</p> <p>Saint Francis University's Strategic Plan includes an intentional focus on developing our students holistically through their curricular and co-curricular environments by engaging our "6 Transformational Experiences." Through the functionality of the OrgSync student involvement management system on campus, we are able to accurately track and report their progress along their co-curricular paths and to document their progress through the University's co-curricular transcript program, officially titled the "Leadership, Involvement, and Service Transcript" (or L.I.S.T.).</p>	<p>11:30am: New Faculty Orientation Luncheon Meeting with the Office of the Provost (<i>DiSepio 211</i>)</p> <p>New Faculty will meet with staff from the Office of the Provost and will meet their faculty mentors during this first New Faculty Orientation session of the 2017-18 academic year.</p>

	<p>All undergraduate students will be asked to complete their own L.I.S.T. of co-curricular and extra-curricular accomplishments and contributions that will allow the University an opportunity to not only track student involvement in various transformational experiences, but also to officially endorse and document our students' learning outside of the classroom providing them with better marketability after graduation.</p> <p>The traditional resume is getting a necessary boost as we are elevating our students' opportunities to succeed. Come learn about this exciting new program and how you can help our students check off their L.I.S.T. on their path to personal and professional success!</p>	
12:00	Lunch on your own	
1:00	<p>An Introduction to John Maxwell's 21 Irrefutable Laws of Leadership presented by Dr. Deborah Budash (<i>Scotus 206</i>)</p> <p>Dr. John C. Maxwell has written and taught extensively throughout the world on issues surrounding leadership. His foundational work, <i>The 21 Irrefutable Laws of Leadership</i>, shares the insight that sound leadership is based on enduring laws. Learning and using these laws can provide anyone the way to improve their ability to lead, both oneself and others. This session, provided by Dr. Budash, a certified Maxwell speaker and coach, will provide an overview of five of the 21 laws and an invitation to learn more. All are invited.</p>	<p>CORE 113 Faculty and Teaching Librarians Meeting facilitated by Dr. Pedro Muino and Ms. Martha O'Brien, General Education (<i>Scotus 207</i>)</p> <p>In this session, current CORE 113 instructors will have the opportunity to share their plans and ideas for the upcoming semester and to pose questions regarding pedagogy, content, assessment, and information literacy. Mass of the Holy Spirit (12:15pm)
University Mall (University Chapel in the event of rain)

The Mass of the Holy Spirit gathers together the entire University family to invoke God's blessing for inspiration, guidance and wisdom on the new school year. It helps us to rededicate ourselves to our Catholic Franciscan mission. This Mass is a time to renew friendships, welcome our new students to the University community, and voice our desire to be a Spirit-filled community. The Mass of the Holy Spirit is open to all.
